Dear Fellow Members:

With the holidays behind us (and we hope yours were wonderful!) we are making initial preparations for our 1995-96 season.

That horrendous winter everyone was predicting last summer no doubt resulted in lots of increased sales on snow blowers and four-wheel drive vehicles. but speaking for most of us, we're awfully glad it hasn't come to pass so far.

X We are looking at the Clubhouse as our pet project this spring and summer. Some of you may have seen the woodburning stove we purchased from one of our members. Kitchen cabinets were donated by another member and we'll be installing them shortly. I truly believe everyone - adults and children alike, will benefit from a more attractive, comfortable Clubhouse; and our long range plan is to extend the building's use to year-round eventually.

If anyone happens to be getting rid of a decent looking refrigerator or stove in good working order, or anything else you feel we might use (i.e. shelf units, plumbings fixtures, etc.) please contact us before you discard them.

You may notice the bills have been changed slightly to include your Wildwood Shores address - please fill that part in, as it will help Jim Pasquali find your house when he delivers badges.

The new mooring chairman is Rich Anastasio, our most recently elected member of the Board. Mooring applications are usually mailed to those who have moored previously; but everyone should know that historically, a few spaces are available after the "regulars" are assigned. If one has a boat or acquires one, just contact Peg Viola for an application.

Our next mailing will be in the form of one of Doug Crellin's newsletters. If anyone has news they would like to share or a business they would like to advertise, by all means, contact Doug.

On behalf of your Board of Governors, I extend our very best wishes for a Happy New Year; we look forward to serving you during the 1995-96 W.S.P.O.A. season.
